Thanks Barbara,

Ex. 5 Deliberative Process (DP)

Since Bruce only saw the overview, he missed the details I spoke of at our meeting and I think those details are all in the main text. I could not immediately think of what I could add, but if you heard anything new at the briefing that you think I should add, please let me know.

I will look at the revisions to the appendix materials next. What is the timeline?

Tom

Hi Tom,

I made some edits to the cancer epi sections and it would be great if you were to look at them and edit if needed.

Ex. 5 Deliberative Process (DP)

Before you open the main document using the link below, please call Andrew to make sure he is not in there cell. He will not be working in it on Monday so you could go right in if you want to then.

The link to the main document is below and I attached a file with the study evaluation tables. Note that some of the confidence levels stated in the tables above the evaluation tables are not the same as those stated in the evaluation tables.

Thank you very much,
Barbara
